

To Whom It May Concern,

It is with great pleasure that we at the Boston Consulting Group (BCG) recommend Jakub Szamotulski for his outstanding contribution as a member of the organizing committee for the 11th edition of the Poland 2.0 Summit, held in Amsterdam on October 17-18, 2025.

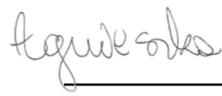

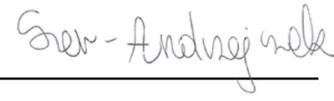

The Poland 2.0 Summit is an international conference where the worlds of technology, business, and science converge to discuss innovation, systemic change, and the role of Poles in the global landscape. The event brings together ambitious students, professionals, and thought leaders to exchange ideas, explore cutting-edge developments in robotics, participate in practical workshops, and engage with leading employers. As a strategic partner, BCG supported the mission to connect and empower the next generation of leaders.

Through engagement in this project, Jakub demonstrated professionalism, organizational skills, and dedication, making a significant contribution to the success of the summit. As a Digital Officer, Jakub proved to be reliable, proactive, and consistently showing a sense of teamwork. His positive attitude and ability to perform under pressure were key to the success of the initiative.

We recommend Jakub Szamotulski to any organization seeking a capable, motivated, and trustworthy individual. We are confident that he will continue to make meaningful contributions and excel in his future endeavors.
